

## Reply Mini

The Reply Mini is the introductory point for the Reply Systems Audience Response products range. A straightforward keypad, it gives you all of the stability and robustness of the Reply platform, and a simple 5 button interface.

The keypad features 5 buttons – A to E or 1 to 5 and can be hung from a lanyard.

The most economical way to buy any Reply System is the Reply Mini 30 pack. This off the shelf pack offers great value and is an excellent way to get using audience response technology.
